TRANSPORTATION

Road Networks & Highway Infrastructure

Grenfell is served by an excellent system of highways and rural grid roads for easy movement of goods in and out of the area.

Grenfell is located on the junction of the Trans Canada #1 Highway which runs east and west across Canada and Highway #47 a major north/south transportation route.

Highway #47 runs north to the Qu'Appelle Valley where it connects to Highway #247 which runs east to Highway #9 another major north/south transportation route. Highway #9 south provides easy access to both the Port of North Gate and North Portal United States border crossings.
